Cooking is the best thing for a women, and specially if she has a good kitchen in her home then she will like to do it more often even though she hasn't learnt her cooking from the Texas Culinary Academy. Most cooking tips are not needed to be given to women, so lets give the men some cooking tips to make the girls happy this time around. 1. Slice the meat nice and thin. This will help the meat cook faster and will make it easy for you top cook. 2. Knowing the people. It is important that when you cook you should know who you are cooking for and what kind of taste does the eater have.
