When starting off a business, the first thing you want to do is form a company. Quick formations most importantly helps you set all that up very efficiently.

The chairman package which this company provides is particularly good i must say. It provides you a hard copy of the certificate.

A looseleaf register is provided for accounting and noting purposes along with a brass company name plate. A hand plier seal is also given by them.

Complete VAT registration is done by them and you don't have to do anything. All this for just 159.99 is a good price to pay for getting things easily done.
